- The present Spolana Works, National Corporation, in Neratovice (0 51/F 80), is the former chemical factory Spolek pro chemickou a hutni vyrobu (Chemical and Metallurgical Production Co)
- 2. The factory now employs about 2,000 people.
- The old part of the factory manufactures saccharine, glucose, some foodstuffs, cellophane, potassium salt, different kinds of sprays and powders for insect killing, disinfectors and cellulose.
- 4. During the German occupation, the factory was reorganized and a new part built in which production of artificial fiber was started. Another annex for artificial fiber production is still under construction.
- 5. In Neratovice there are large stores of acids and inflammable raw-materials necessary for the production in the plant.

Annex: Sketch (1 page) of Spolana works, in Neratovice.
